

International Roaming Travel Pack Information

Roaming Pack costs and inclusions

Pack Code	Data Inclusion	Call Inclusion	SMS Inclusion	Valid	Cost
ROAM5	5GB	30 Mins	30 SMS	7 Days	\$35.00
ROAM10	10GB	60 Mins	60 SMS	14 Days	\$60.00
ROAM3	3GB	300 Mins	300 SMS	3 Days	\$65.00

Note: You will have need to SMS '179' the pack code of your choice.

How do I find out my remaining data allowance?

You will receive SMS notifications to let you know when you have used 50%, 85% and 100% of your inclusion. This includes Data, SMS & Voice Minutes. You can also choose to receive these usage notifications by emails. Your expiry time will be in Australian Eastern Standard Time, so you will always be able to work out when your pack finishes even if you're moving between countries. If you exhaust your included data, a new Roaming Pack will automatically be added up to 150 total packs per bill cycle. This will start a new plan and will reset all plan features. If you exhaust all 150 packs, and have \$0 excess spend on your account, you will not be able to go into PAYG if you finish the Pack inclusions. If you do have an excess spend allowance, you will be able to use more data at PAYG rates.

WIFI Calling & SMS While overseas

All DVC Telco plans come with WIFI Calling and SMS, therefore while overseas you can call and SMS as long as you are connected to WIFI. This will use your current Mobile Plans inclusions of SMS and Unlimited calls and you do not have to have an active International Roaming plan for this to work, as this will use WIFI for Voice & SMS.

Upon expiry or Exhausting your data allowance you will need to SMS a new pack to '179' to re-activate the International Roaming pack of your choice.

You will be notified when your pack has reached its limit and you will need to re-activate the plan of your choice as per above table.

Note: Receiving an SMS does not trigger a pack to be added, so you can turn on your phone, connect to the local network and receive an SMS without being charged. As soon as you carry out 1 of the above actions, the Roaming Pack will be added to your service, and you will be charged at the rate as provided on your DVC Telco mobile quote at the time of signing up unless advised otherwise. Your validity period will be based on AET.
